SKILLS

- **Language**: Html, CSS, JavaScript
- **Framework/Library**: React JS, Tailwind CSS
- **Tools**: Git and GitHub, Postman

EDUCATION

Bachelor of Computer Application

Oxford College of Engineering and Management

2021 - 2025

ACCOMPLISHMENTS

- **Responsive Web Design Certification — freeCodeCamp,** demonstrating proficiency in building mobile-friendly, responsive websites.
- **Certified 4-week Web Development Internship** at Encryptix, where I successfully delivered projects like a Landing Page, Portfolio, Calculator, and Tribute Page, applying modern frontend development techniques.
- **Certified 2 Months Web Development Internship** at OCEM where I integrated CREARE Section in College Blog Website and also build website for school

PROFILE

Skilled in HTML, CSS, JavaScript, and React with experience building responsive, user-friendly web apps. Proficient in GitHub version control and modern frontend frameworks. Quick learner passionate about contributing to innovative projects.

WORK EXPERIENCE

Web Development Intern - Encryptix

Duration: 4 Weeks

Developed responsive web projects including a landing page, personal portfolio, calculator, and tribute page using HTML, CSS, and Flexbox.

Web Development Intern - OCEM

Duration: 2 Months

- Built a college blog website with an integrated CREARE section.
- Created a website for Pragya Academy, focusing on user-friendly design and functionality.

PROJECTS

- **College Blog Platform**
  Integrated a dynamic CREARE section into a college blog platform using React with API integration, enabling fully dynamic content management.

- **Pragya Academy - School Website**
  Developed a responsive school website using React.js, focusing on modern design and usability.

- **Satya Khabar - News Portal**
  Built a modern news portal with React, featuring dynamic content and responsive layout.

- **Bus Location Tracker**
  Created a fully responsive public site for a bus location tracking mobile app using React and Tailwind CSS, integrated APIs, and an admin panel for management.

- **Loopix**
  Developed a professional company website using React.
